

# LIST OF WIDOWS OF CLARENDON COUNTY PENSION ROLL-1921

The Pension Board met last Wednesday and classified the pensioners. The Pension Act of 1921 puts all pensioners in class A No. 1, when they reach the age of eighty years.

It will be seen by this that the number of pensioners in class A has been increased from 6 to 25, by this large increase the board could not pay quite as much to class A as they did last year. The Board only had three classes, A, B, C. Class B gets a little more than they did last year, also class C gets a small amount more.

The Board took into consideration the length of service of the soldier, the age and physical condition as best they could, and the classifying has been completed as published above.

The Pensioners can get their checks now.

The Comptroller General has re-

quested that pensions be paid out on the order of Pensioners to some other person when they are not able to come to the Court House and sign the receipt in person. In this way the pensioner must sign the receipt in the name of the pensioner per his own name and file the order at the same time.

By Order of Pension Board.  
J. M. Windham,  
Judge of Probate, Clerk.

## HEEDING MARKET DEMANDS

Shippers of potatoes would profit by heeding market demands and preferences, say specialists of the Bureau of Markets, United States Department of Agriculture. Dealers and consumers, they find, do not desire badly cut, mashed, frosted, or decayed potatoes, or those damaged by sunburn, blight, dry rot or an excess of scab or second growth. Markets frequently are over loaded, it is said, prices seriously affected, and unnecessary losses suffered by growers because of the shipment of such unsatisfactory stock.

## LOCATING A MARKET

Many public municipal markets have failed through being improperly situated, it has been found by the Bureau of Markets of the United States Department of Agriculture. A retail market should be centrally located in or as near as possible to the main shopping section, where street car facilities are good, specialists say. On such a site the public market would be available to the greatest possible number of people.
